GOWNING EQUIPMENT

Sapphire offers a full line of Cleanroom, gowning area & laboratory equipment including gowning benches, plastic and stainless steel dispensers, ladders and stools, storage cabinets, shelving units, carts, tables, workstations, wet benches and more.

SLOID TOP GOWNING BENCH

Gowning Benches

Cleanroom furniture is an essential element for your new or existing cleanroom gowning rooms. Sapphire Cleanrooms offers solid gowning benches and optional undershelves. These benches are easy to clean and keep sterile so your gowning procedures can be completed with ease.

Standard features:

- 304 stainless steel, solid-top gowning benches
- ISO 5 compliant
- All free-standing benches
- Frames are fabricated of 1.5" square stainless steel tubes

Storage & Garments Cabinets

These cabinets provide clean space for storage of cleanroom garments, consumables, and other supplies.

They are available in two different styles:

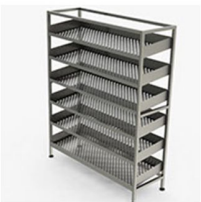

- All Stainless Steel storage cabinets and polypropylene storage cabinets.
- Cabinets are available with fan and HEPA filtration to provide a particle free storage.

- Options available:**
- Window doors
 - Perforated shelving Stand
 - Solid shelving - Casters

Tables / Workstations

Sapphire Cleanrooms offers stainless steel workstations. They feature heavy gauge stainless steel construction. Clean room workstations and laboratory tables available in electro-polished, brush finished, 316 stainless steel; solid, perforated top designs with optional undershelf, rear upturn / backs plash and casters.

Shelving

Sapphire Cleanrooms offers stainless steel workstations. They feature heavy gauge stainless steel construction. Clean room workstations and laboratory tables available in electro-polished, brush finished, 316 stainless steel; solid, perforated top designs with optional undershelf, rear upturn / backs plash and casters.

Dispensers

Organize cleanroom gloves, booties and garments as well as safety glasses, wipers and other lab supplies; bench and wall models conserve space, and stainless steel models simplify cleaning.

Ladder/ Stools

Stainless steel step stairs and work platforms, with and without safety rails, are ideal for cleanroom maintenance tasks.

Chairs

Ergonomic seating designed for labs and ISO 3-8 cleanrooms. Static-control, adjustable heights, and casters available.
